

Technical drawing of a rectangular plate with four holes. The drawing includes a 3D isometric view on the left and a 2D orthographic view on the right. The 2D view shows a rectangular plate with a width of 119.00 and a height of 105.00. The plate has four holes, each with a diameter of 10.00 and a depth of 5.00. The holes are located at the following coordinates (X, Y) relative to the bottom-left corner:

- Hole 1: (15.00, 15.00)
- Hole 2: (37.00, 30.00)
- Hole 3: (82.00, 30.00)
- Hole 4: (104.00, 15.00)

The plate has a radius of 10.00 at the corners. The 3D isometric view shows the plate with a thickness of 12.70. The drawing is labeled with dimensions and hole specifications:

- Width: 119.00
- Height: 105.00
- Hole diameter: $\phi 10.00 \nabla 5.00$
- Hole depth: 5.00
- Corner radius: R10.00
- Isometric view shows a thickness of 12.70.
