

Technical drawing of a mechanical part showing front and side views with dimensions.

**Front View Dimensions:**

- Overall width: 3.00
- Distance from left edge to centerline: 1.38
- Radius of the semi-circular feature:  $\phi .62$
- Distance from centerline to the start of the vertical slot: .75
- Height of the vertical slot: 1.50

**Side View Dimensions:**

- Thickness of the part: .38

Technical drawing of a circular part, showing a top view and a side view.

**Top View:**

- Outer diameter:  $\varnothing 8.00$
- Inner diameter:  $\varnothing 6.25$
- Central hole diameter:  $\varnothing 2.94$
- Four holes spaced 4x at a diameter of  $\varnothing 6.9$

**Side View:**

- Width:  $.75$

A technical drawing showing a horizontal line with a break symbol (two parallel diagonal lines) in the middle. The dimension 39.12 is indicated above the line, spanning the distance from the left edge to the break.

Technical drawing of a circular feature. It shows two concentric circles. The outer circle is dimensioned with a diameter of  $\varnothing 2.88$ . The inner circle is dimensioned with a diameter of  $\varnothing 2.47$ . The drawing includes a vertical centerline and a horizontal centerline, both represented by dashed lines. There are also two diagonal lines passing through the center, one solid and one dashed, forming an 'X' shape. Arrows on the dimension lines indicate the measurement of the diameters.
